Dear Sir/Madam,

I am writing to express my intent to move to Portugal and to apply for the D7 passive income visa. The main purpose of my move is to live in Portugal and benefit from the lifestyle and opportunities the country offers, while I continue to support myself through passive income sources.

I have carefully researched the requirements for the D7 visa and believe that I meet all the necessary criteria. I currently receive a steady income from [describe your passive income sources, e.g., savings, rental income, dividends, pensions], which allows me to live independently without requiring employment in Portugal. My monthly income from these sources exceeds the minimum required for the D7 visa, and I have sufficient funds to support myself and cover my living expenses in Portugal.

In addition to my financial independence, I am particularly drawn to Portugal's high quality of life, the warm climate, and its welcoming community. I have also visited the country previously and have established connections that will help me integrate into Portuguese society. I am committed to respecting the culture and contributing positively to the community during my stay.

Thank you for considering my application for the D7 passive income visa. I am looking forward to the opportunity to live in Portugal and contribute to the country's economy and culture, while enjoying a peaceful and fulfilling lifestyle.

Sincerely,
